EXAMPLE—You bid estimate on an item valued at \$100.00 and if your bid is the 1st to reach us, you will receive the item immediately. If on the other hand, you bid \$75.00 on the same item and are still the high bidder at the end of the sale, the item will be mailed to you on the closing date, June 29, 1988.

The obverse of this coin is totally unique in Greek numismatics. In other words, the tiara of this type worn by Dido is unknown anywhere else. ## ANCIENT ART & ANTIQUITIES

A recent article in an antique collectors magazine noted that the antiquities market is "on the verge of an explosion" from years of being undervalued. Americans have not known until recently that Egyptian and ancient art was available. Supply is becoming more restricted as closed borders and political restrictions have raised the cost of exporting material. Since the October stock market crash people are now looking for somewhere of value to put their money. With this in mind we offer here a wide selection as we last did in our 51st Sale.
